ACCESSORIES

RETROFIT

Your current configuration includes a Rolls-Royce accessory. An Ownership Services order will be automatically generated for accessories when the order is frozen. Please be aware accessory pricing is not shown in the configuration, please consult your ownership services team for actual prices.

ENGINE / TECH-

TECHNICAL DATA

ENGINE DATA

ENGINE POWER	CAPACITY
420 kW (571 hp) / 5000 - 6000/min	6749 cm³
ENGINE TORQUE	CYLINDERS/VALVES
900 Nm (1700 - 4000/min)	12 / 4

CONSUMPTION

WLTP CONSUMPTION (COMBINED)	WLTP CO2 EMISSIONS (COMBINED)
15.9 l/100km	360 g/km
STATIONARY NOISE LEVEL / 1/MIN	PASS-BY NOISE
75 db(A) / 3750/min*	65 db(A)*

*The values measured in accordance with UN/ECE Regulation No. 51/EU Regulation 540/2014 are rounded.

PERFORMANCE / WEIGHT

TOP SPEED	ACCELERATION (0-100 KM/H)
250 km/h	5.5 s
UNLADEN WEIGHT EU	FUEL TANK CAPACITY
2800 kg	90 litre

DIMENSIONS

LENGTH / WIDTH / HEIGHT	WIDTH INCLUDING MIRRORS (DRIVER / PASSENGER)
5982 mm / 2018 mm / 1656 mm	2154 mm
WHEELBASE (TURNING CYCLE)	LUGGAGE CAPACITY
3772 mm (13.8 m)	530 litre - 530 litre

[1] Official data on power consumption and electric range is determined in accordance with the mandatory measurement procedure and is compliant with Regulation (EU) 715/2007 valid at the time of type approval. The figures shown consider optional equipment and the different size of wheels and tyres available on the selected model. Changes of the configuration can lead to changes of the values. For vehicles that have been type-tested after January 1st, 2021, the official information no longer exists according to the NEDC, but only according to the WLTP. Values are based on the new WLTP measurement procedure. Only compare power consumption and electric range figures with other cars tested to the same technical procedures. These figures may not reflect real life driving results, which will depend upon a number of factors including the starting charge of the battery, accessories fitted (post-registration), variations in weather, driving styles and vehicle load. Further information about the official fuel consumption and the specific CO2 emissions of new passenger cars can be taken out of the "Guide to Fuel Consumption, CO2 Emissions and Elec-

tricity Consumption of New Passenger Cars", which is available at all selling points and at <https://www.gov.uk/co2-and-vehicle-tax-tools/> in the United Kingdom, <https://www.dat.de/co2/> in Germany and on your local government authority.

Any visualisations generated do not constitute a final order specification. All illustrations and specifications are based upon information available as of December 2023. Base vehicle features and optional features availability are subject to change without notice. Due to inherent technical limitations of colour reproduction, actual paint colour and colour of all / any materials may vary from those shown in the configurator. Rolls-Royce Motor Cars Limited reserves the right to make changes at any time, without notice, to colours, materials, equipment, specifications and models. The vehicle specifications shown are non-country specific. The availability of standard and optional equipment for each market may vary from the specification shown. The names, logos and images which identify Rolls-Royce Motor Cars, or third parties and their products and services are proprietary marks of Rolls-Royce Motor Cars and/or the relevant third parties.
