LENGTH / WIDTH / HEIGHT

5355 mm / 2000 mm / 1835 mm

WIDTH INCLUDING MIRRORS (DRIVER /
PASSENGER)

2164 mm

WHEELBASE (TURNING CYCLE)

3295 mm (13.2 m)

LUGGAGE CAPACITY

612 litre - 1886 litre

[1] Official data on power consumption and electric range is determined in accordance with the mandatory measurement procedure and is compliant with Regulation (EU) 715/2007 valid at the time of type approval. The figures shown consider optional equipment and the different size of wheels and tyres available on the selected model. Changes of the configuration can lead to changes of the values. For vehicles that have been type-tested after January 1st, 2021, the official information no longer exists according to the NEDC, but only according to the WLTP. Values are based on the new WLTP measurement procedure. Only compare power consumption and electric range figures with other cars tested to the same technical procedures. These figures may not reflect real life driving results, which will depend upon a number of factors including the starting charge of the battery, accessories fitted (post-registration), variations in weather, driving styles and vehicle load. Further information about the official fuel consumption and the specific CO₂ emissions of new passenger cars can be taken out of the "Guide to Fuel Consumption, CO₂ Emissions and Electricity Consumption of New Passenger Cars", which is available at all selling points and at <https://www.gov.uk/co2-and-vehicle-tax-tools/> in the United Kingdom, <https://www.dat.de/co2/> in Germany and or your local government authority.

Any visualisations generated do not constitute a final order specification. All illustrations and specifications are based upon information available as of December 2023. Base vehicle features and optional features availability are subject to change without notice. Due to inherent technical limitations of colour reproduction, actual paint colour and colour of all / any materials may vary from those shown in the configurator. Rolls-Royce Motor Cars Limited reserves the right to make changes at any time, without notice, to colours, materials, equipment, specifications and models. The vehicle specifications shown are non-country specific. The availability of standard and optional equipment for each market may vary from the specification shown. The names, logos and images which identify Rolls-Royce Motor Cars, or third parties and their products and services are proprietary marks of Rolls-Royce Motor Cars and/or the relevant third parties. Nothing contained in this page shall be deemed to confer on any person any licence or right on the part of Rolls-Royce Motor Cars or any third party with respect to any such name, logo or image.
